

After you have read the chapter, respond to the following:

1. After you have read chapter 5, reread page 76. Based on your reading of the page, and what Johnny is saying about the men in *Gone with the Wind* and Dallas, what does the word **gallant** mean? What in the context made you define it the way you did?
2. Why does Johnny think the soldiers in *Gone with the Wind* are gallant?
3. Why does Johnny think Dally is gallant?
4. What does Pony mean when he says on page 76, "Dally was real. Dally was so real, he scared me"?
5. How does Pony's statement relate to Cherry's statement to Pony from chapter 3 when she says, "I hope I never see Dallas Winston again. If I do, I think I'll fall in love with him."
6. Read the poem on page 77 "Nothing Gold Can Stay" by Robert Frost. Consider the events that have taken place. What is the theme of the poem? What do you think it means? Why?
